Successful Completion of Construction**

Dear Mr. Trowbridge,

The new Northwest Regional Courthouse is successfully up and running. Please accept my sincere gratitude for TrowTiere's exemplary performance as construction manager on this project. I honestly believe your involvement was instrumental in minimizing the number of construction-related problems and getting the project done as quickly as we did.

Please feel free to have potential future customers contact me for a reference. Working with you and the rest of the TrowTiere team has been a truly positive experience.

Best Regards,
